

Is that all I get?

The communion that thimble of juice and crumb of bread could anyone live on that?

You may be thinking it is a spiritual thing that is true too, is that all you give to the spiritual a little dab?

Is this amount used because it is the least you can get away with?

The Lord's Supper is nothing compared to the child's meal at the burger joint!

Now let's get into the thinking of this; Jesus took a few fish and bread and feed thousands they were filled!

Are you filled at the Lord's Supper? Are you ready to hit that favorite restaurant for some real food?

Reverse the mindset and move toward God!

How about a real sized drink and loaf of bread? Make mine supper sized please.

Thank You Jesus!
